

MASSCEUITE RE-HEATERS

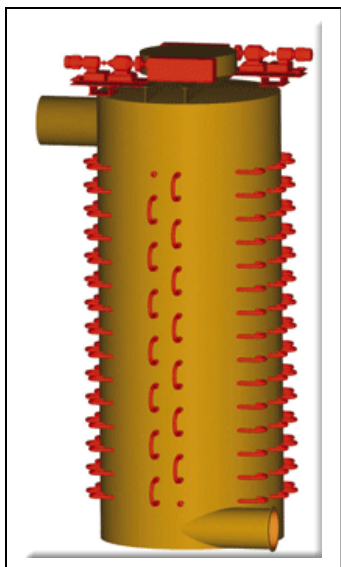

We are manufacturing Masecuite Re-Heaters (Heat Exchanger) of capacity 18 tons/hr which is quite sufficient for 4000 TCD plant. All the hydraulic tests are made before delivery.

VERTICAL CRYSTALLIZERS

Our modified drive unit makes our Vertical Crystallizers reliable & economical. We are manufacturing 150 cubic meters to 175 cubic.

U - SHAPED CRYSTALLIZERS

These Crystallizers are manufactured as per customer's equipment size.
